

OrionPRO IP20 Connector tape to driver

102662

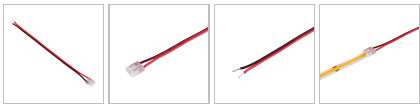

102662

The OrionPRO tape to driver connector makes for an effortless, easy install. Simply insert the end of the tape into the plastic connector and clamp down on the two metal prongs piercing the copper conductors on the PCB creating the connection. This connector comes with 15cms of cable giving you plenty of length to work with. Suitable for the Orion IP20 range.

Clear pc

Constructed from polycarbonate
